

VOLUNTEER

UFC

Want to be involved with a genuinely fun & effective organization?

UFC is comprised of a diverse staff that drives our organization to new heights every day, impacting all generations. We love what we do! Here are some ways you can get involved as a volunteer:

In the Classroom

Assist our educators as they conduct various Leadership and relationship classes for youth in grades K-12 in public and private schools in Philadelphia. This is a great opportunity for you to become a mentor for young students.

Because we have such a short amount of time to spend with each student, mentors can return

to a particular school to maintain a relationship with the students and faculty.

At Camp

Get HYPE'd! Be a part of a successful 6-week academic enrichment and character enhancement summer program called HYPE (*Helping Youth Prepare Effectively*).

You can volunteer as a guest speaker, a junior counselor, a field trip coordinator, a chaperone, and more.

HYPE is held 4 days a week, during July and August in various locations in the greater Delaware Valley area.

In the Office

Here at UFC we have a dedicated administrative staff in the areas of development, communications, public relations, and finance. You can donate your time in the following ways: data entry,

answering & making phone calls, filing, event planning, and more. We will do our best to utilize your specific skills. Training is available.

At Events & Conferences

Volunteer in an exciting environment where you can help promote our Building Healthy Families programs and meet new people at the same time.

Because of overwhelming requests to present our work at seminars, missions conferences and churches, we are unable to accept every invitation. Be the face of UFC at one of many upcoming networking opportunities.

Volunteers are also needed at our annual events, like our Spring Fundraising Banquet & Silent Auction, "Enough is Enough" Anti-violence Youth Conference, our Fall Breakfast, and other promotional activities.

Help shape the future for one student by becoming a mentor.
